

Centre for Technology Entrepreneurship Inspirational talk #3

by Silicon Valley VC Shomit Ghose

"Iron Man vs Terminator: Technology's Existential Battle in Big Data"

Come join us for the third in a series of inspirational talks arranged by Centre for Technology Entrepreneurship at DTU.

We are happy to present the next in the line of speakers Shomit Ghose, Silicon Valley VC, managing director and partner at ONSET Ventures. Shomit Ghose is active in supporting the next generation of entrepreneurs through deep involvement at UC Berkeley, UC Riverside, Stanford, Open Entrepreneurship, Innovation Center Denmark in Palo Alto, the University of San Francisco School of Management, Nordic Innovation House (TINC), The Lundbeck Foundation, UCSF, etc.

The lecture will deal with the fact that big data and AI are reordering the landscape in both business and society. How might technologists approach innovation to maximise positive impact while minimising the negative?

Join us and get inspired.
